

Decision Matrix Worksheets

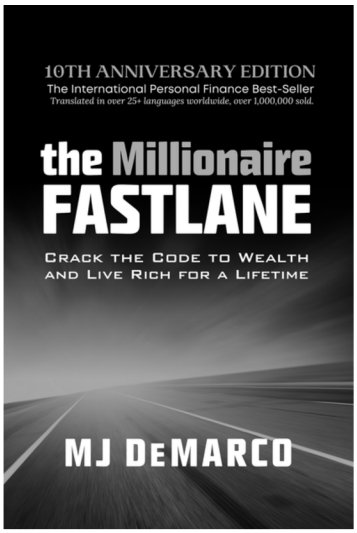

Make Better Frontier Decisions
W.A.D.M. Worksheets

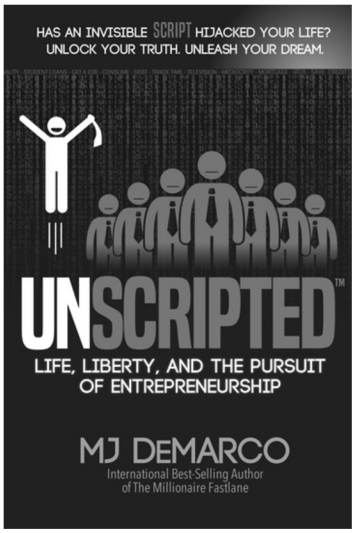

Triage a complex decision. The Weighted Average Decision Matrix examines several decisions through a subjective analysis of values and factors multiplied by their importance. Those are values are summed to arrive at a definitive decision based on the higher number.

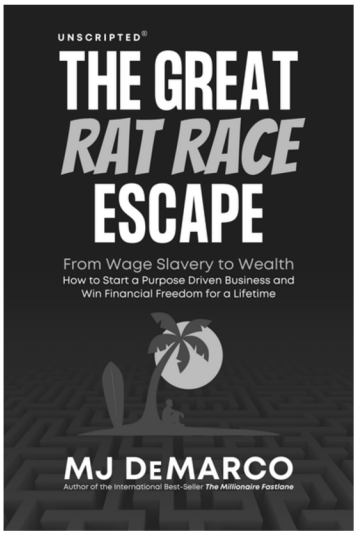

FACTORS AND VALUES	FACTOR WEIGHT (1-10)	Decision Option A Example: Move to Ohio	Decision Option B Example: Stay in NYC
TOTALS ...
